

UNLOCK A NEW MARKET

NAR's Employer-Assisted Housing (EAH) class (formerly the Home from Work™ class) is a unique class to help you unlock a new market as well as to help address workforce housing issues in your community.

Learn how to work with local employers to discuss employer-assisted housing (EAH), EAH's benefits and three options (homebuying workshops, one-on-one counseling and financial assistance) employers can implement to help their employees become homeowners or afford a home close to work.

The EAH Class will help you to

- Increase your name recognition
- Expand your client base
- Gain referrals
- Enhance your professionalism
- Strengthen your community

"This class not only helped me develop business leads, but also helped me to make my community stronger with more homeowners."

—Bonnie Boyd, REALTOR®
